

A vibrant watercolor illustration of an underwater scene. The background is a light blue gradient. In the foreground, there are various colorful elements: red coral on the left and right, yellow and green seaweed at the top and bottom, and a large brown and white spotted turtle in the bottom left. Several small fish are scattered throughout, including a pink one in the upper left, a green one in the upper right, and a larger pink one in the lower right. Small white bubbles are floating in the water.
